

## Bosch ESI Tronic 2011 (3xDVD)

The screenshot displays the Bosch ESI Tronic 2011 software interface. The window title is "ESI[tronic] - Work units". The main menu includes "File", "Settings", and "?". The vehicle information bar shows "FOR 5566 / Focus 1.6 EcoBoost / Focus '11 [DYA, DY8] / 1.6 / 110 kW / 01/2011 - / JQD...". The left sidebar contains navigation options: Description, Key no., Last 30 vehicles, Equipment (ESI[tronic] 2.0), Assembly instructions, Work units (highlighted), Knowledge database, Replacing Parts, Component instructions, General information, EP test values, Service/Intervals, Parts subject to wear, Comparisons, Prod=>veh. use, Parts->prod. use, Combinations, Interfaces, and Work card. The main area shows a list of work steps for the "Engine" group, with columns for "Work step", "hh:mm", and "£".
